

The Definitive Award of Study Tourney **NONA 2010** (15.05.2010- 10.08.2010)

Given traditional competition first time has been organized in an anonymous mode. It is necessary to recognize directly, that the knowledge of a surname of authors always influences the judge. It was easy enough to me to consider the entered works in a such mode. I can assure you, that I will know authors only when the director of tournament **I.Akobia** will publish the given report. It is very interesting!

Also it is necessary to note, that on the given tournament the section for young (age no more than 25 years) composers has been entered. Not counting the fact that this time only three studies were received, we consider necessary to continue this practice in the further tournaments.

52 studies were received from these **36** composers:

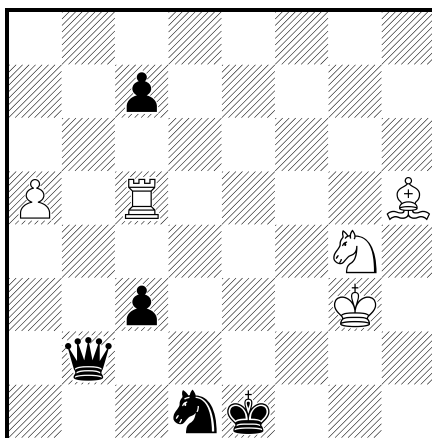

G.Hoerning (Germany), **A.Pallier** (France), **M.Hlinka** (Slovakia) **L.Kekely** (Slovakia), **J.Mikitovics** (Hungary), **Y.Afek** (Neth/Israel), **A.Skripnik** (Russia), **S.Didukh** (Ukraine), **S.I.Tkachenko** (Ukraine), **M.Campioli** (Italy), **D.Keith** (France), **R.Becker** (USA), **W.Bruch** (Germany), **M.Minski** (Germany), **S.Hornecker** (Germany), **G.Slepyan** (Belorus), **E.Eilazyan** (Ukraine), **L.Gonzales** (Spain), **V.Neistadt** (Russia), **G.Kollarik** (Slovakia), **V.Samilo** (Ukraine), **C.Poisson** (France), **I.Aliev** (Azerbaijan), **R.Allajov** (Azerbaijan), **J.Timman** (Netherland), **E.Melnichenko** (New Zeland), **V.Vlasenko** (Ukraine), **M.Dore** (France), **P.Arestov** (Russia), **V.Kartvelishvili** (Georgia), **F.Morreli** (Italy), **S.Zakharov** (Russia), **J.Pospisil** (Czech Republic), **Masha Bezkorovoinaya** (Ukraine), **A.Bakhtyarli** (Azerbaijan), **M.Nuri** (Azerbaijan).

It is necessary to note, that some of works had very close anticipations and some studies were incorrect (we will not show a details in this report). **19** studies have been nominated in the tournament.

Note to the definitive award: The study of G.Hoerning (No.8) was excluded from the award, because has anticipation (G.Hoerning & M.Minski, "Magyar Sakkvilag_, 2007).

“All of us have come from the childhood”. In days of my youth there were very popular positions of struggle NB with a queen. IGM G.Nadareishvili in the books gave many places such parities of materials. In the given study the author realized consecutive synthesis by two drawn positions with very interesting style.
